BELT TENSION TESTER

DESCRIPTION

The BTT Hz consists of driving belt tension tester for air conditioning servicing. Operation is very simple, via just two buttons. A high level of operational reliability is ensured by the self-test function.

KEY FEATURES

- Auto-calibration ensures high level of measuring accuracy
- LCD display and acoustic measuring signal
- Suitable for testing timing belts and multi V-belts
- Simple, rapid tension testing
- Acoustic signal confirms successful measurement
- Integral self-test function confirms proper functioning
- By contrast with units with just one microphone, the measurement head with two microphones prevents incorrect measurements as a result of ambient noise
- Unit made of lightweight but tough ABS plastic

SIZE

10 x 18 x 30 [cm]
0.32 x 0.59 x 0.98 [ft]

WEIGHT

0.240 [kg]
0.5 [lbs]

APPLICABILITY

EC135, H135, H145.
