

> DP200

Digital Pressure Gauge

DESCRIPTION

The DP 200 is a portable digital pressure gauge for the verification of measuring devices and pressure control devices in the workshop or on site. Excellent accuracy, ergonomics and low power consumption make the DP200 a most useful device for simple and fast measurements. The sturdy molded plastic case provides effective protection against shock and dust

KEY FEATURES

- Accuracy: 0.15% from the measurement range
- Temperature effect: 0.02% / K into the working range
- Long-term stability: 0.08% F.S. / year
- Media to measure: Non corrosive gases and liquids.
Silicone oil filling as an option for light corrosive gases and liquids
- Pressure connexion: Clamp screw connexion for 6/4 mm tube
- Power supply: 9V-bloc battery
- Analogue output: 0...1 Volt at 2% of the range

SIZE

15 x 8 x 3 (cm)
0.49 x 0.26 x 0.09 (ft)

WEIGHT

0.3 (kg)
0.6 (lbs)

APPLICABILITY

All aircrafts
