TOOLS FOR RPSA A380

DESCRIPTION

This box allows to check the operation of the A380 RPSA (Rotating Pressure Sensor Assembly). The aim of the tooling is to simulate different pressures at the input of the RPSA sensor and to verify that the value noted in the cockpit is the same as that given by the pump.

KEY FEATURES

- The kit includes the following tools:
- Specific connectors for RPSA connection
 - HPP-600 proof pump kit
 - DPG4000-500 Pressure Gauge
 - Various fittings

WEIGHT

4 [kg]
9 [lbs]

APPLICABILITY

A380
